WILL NOT EXTEND NOW

NO TEXAS CENTRAL EXTENSION BY THE KATY EXPECTED.

Directors Have Not Ordered a Survey of the Proposed Extension of the Road.

New York, July 8.—Information from a reliable source was received here this morning that the Texas Central Railroad will not be extended in the near future. The directors of the Missouri, Kansas and Texas which recently purchased the line through the option held by Col. R. H. Baker, have not so much as authorized the survey of the extension, although Colonel Baker recommended it.

No definite steps will be taken by the railway interests in regard to the line until the legal formalities touching the Katy securities are completed. It has been understood in financial circles here sometime that the Texas Central expected to build an extension of two hundred miles. It is considered likely in view of the attitude of Mr. Hawley that the Katy will wait a year before before extending the money necessary.

CHIEF JUSTICE FULLER

BODY WAS BURIED YESTERDAY AT GRACELAND CEMETERY.

Respect Paid Memory of Late Chief Justice of United States Supreme Court.

Chicago, July 8.—The last rites over the body of the late Chief Justice Fuller were performed here today. The interment was at Graceland, in a grave beside that of his wife. The funeral party, which arrived from the east, followed the casket to St. James' church under the escort of a numerous delegation. All the courts were closed. The federal and state judges and representatives of the Bar Association attended the funeral in a body.

Flags were at half mast and at the hour of the services, 17 minute guns boomed a salute.

DEATH OF MRS. HOOTEN.

Passed Away Yesterday Morning at Her Home Near Kingston.

At 7 o'clock yesterday morning Mrs. Ed Hooten died at her home some three miles south of Kingston, after an illness of three weeks.

The funeral will be held this morning at 10 o'clock at Mac Wright cemetery, following services conducted by Revs. H. E. Harris and H. D. Jensen of Greenville.

Mrs. Hooten was 41 years of age and was a member of the Baptist church. Twelve years ago with her family she moved to this county from Duncan, Mo. She was indeed a good woman, a faithful companion and loved by all who knew her.

She leaves a husband, who is a nephew of Dr. T. B. Spaulding and a relative of I. N. Hall, of this place, six children, four girls and two boys, all of whom are at home. The entire community is in sympathy with the bereaved family.

EXPECT EARLY END OF CASE.

Italy Must Act Soon to Extradite Self-Confessed Wife Slayer.

New York, July 8.—Further adjournment today of the hearing of Porter Charlton in Jersey City, until August 11, forecloses an early ending of this case. Papers demanding Charlton's extradition to Italy to stand trial for the killing of his wife, Mrs. Mary Scott Charlton, at Lake Como, have not been received, and unless this state department at Washington takes some action within the next few weeks, Charlton will be discharged from the custody of the New Jersey court. Charlton is held on a sixty day warrant and the time will expire on August 22. Should Italy demand Charlton's extradition the state department will reject the demand unless Italy agrees in the future to turn over to us all Italians who have committed crimes in this country and then fled to Italy. This, Italy, it is understood, will decline to do.

ASSIGNED TO ORIENT.

Bishop Host Will Be Given Farewell Banquet in His Honor.

Muskegon, Ohio, July 8.—Bishop E. E. Host of this city has been assigned to work in the Orient by the Southern Methodist church and he expects to leave next week to assume his duties there. Friday night a banquet will be given in his honor by his friends and churchmen in this city. Senator Robert L. Owen is expected to return from Washington to take part in the event. He is one of the close personal friends of the bishop.

Agrees to New Rate.

Anstis, Tex., July 8.—The Connecticut Fire Insurance company of Hartford today filed an amended schedule with the fire rating board calling for the reductions ordered by the board. This makes a total of twenty-one companies so far that have filed the amended schedules.

TRAINMEN HOLD CONFERENCE.

Louisiana-Texas Employees of Southern Pacific Meet Officials.

New Orleans, July 8.—In an effort to procure an adjustment of their wage schedules for an ensuing term and to settle several alleged grievances, a conference of railroad trainmen, railroad conductors and yardmen of the Louisiana-Texas division of the Southern Pacific railway is being held here today. An increase of wages for the yardmen is said to constitute the principal point of consideration. It was said that the conference was on an entirely friendly basis. General Superintendent Hobbs represents the railway company. The decision is expected following the termination of the conference tomorrow.

WOMAN FELL IN AEROPLANE

BARONESS DE LA ROCHE FATALLY INJURED AT REIMS.

Victims Limbs Broken, Body Bruised and Skull Fractured in Fall.

Reims, France, July 8.—Baroness De La Roche, the first woman aviator, was fatally injured here this morning by falling from a height of fifty meters.

Baroness Roche had flown around the field once at a height of 80 meters when suddenly in front of the applauding throngs she appeared to become frightened and confused at the approach of two other aeroplanes. She started to descend, but while still 50 meters from the ground lost control of the machine.

The aeroplane turned over and fell like a log. The baroness' legs and arms were broken. Her mangled and bloody body was removed from the wreckage and she was conveyed to a hospital where she is dying.

At the hospital it was found that her skull was fractured. This is the second fatal accident of this morning. Watcher having been killed last Friday. The performance of the baroness De La Roche on a Volant machine have been much talked of in Paris. This accident which resulted in her fatal injuries was not her first mishap. On January 12, last, she was seriously injured at Chalons aviation field. In the circling course with her biplane she made a wide turn and crashed into a tree, being unable to evade her machine quickly enough to dodge it. She fell a height of twenty feet and was taken to the military hospital unconscious. Her right shoulder was dislocated and internal injuries were feared, but she recovered soon.

In February last the Paris Aero club gave Miss Roche an air pilot's license for her feat in flying four times around the aviation course at Reims, a distance of twelve miles. Two aviators broke the records of 150 kilometers at the meeting here today.

Hubert Latham covered the distance in two hours, one minute and six seconds, and afterwards the Belgian, Oleslager, did it in one hour, 5 minutes and 20 seconds.

CRY IS OLD AS ADAM.

Boston, July 8.—The cry, "back to the land," is as old as Adam, according to Anna Harvey, of Brooklyn, who addressed the kindergarten department of the National Educational association here today. "Ever since he was driven out of Eden," she said, "man has been longing to get back to the soil. It is instinctive in children."

James Greenwood of Kansas City said: "Our present system of teaching produces a luxurious crop of spinster and animated nobodies."

WILL PUSH WORK ON DAM.

Structure at State Capital Will Cost About a Million Dollars.

Austin, Tex., July 8.—It was announced today by J. C. Dumont, contractor for the Austin dam, that work on the new million dollar dam will commence soon as material arrives and that the structure will be pushed rapidly to completion. He purchased material in France and says he has obtained ample financial backing to successfully carry out the contract.

LOWER RATES ARE BLOCKED.

United States Court of Appeals Grants Stay of Order to Lower Charges.

Chicago, July 8.—By order of the United States circuit court of appeals here today, the reduced sleeping car rates ordered by the Interstate Commerce Commission cannot go into effect for several months. Judge Benjamin, Grosscup and Baker granted a stay of the order pending a rehearing by the commission as to the justice of its mandate.

RESIGNS TO BALLINGER.

Chief Law Officer of Reclamation Service to Give Up Job.

Washington, D. C., July 8.—A. C. Campbell, chief officer of the reclamation service, in a letter laudatory of the cabinet officers, has tendered his resignation to Secretary of the Interior Ballinger. Mr. Campbell will sever his connection with the department July 25, to take up the practice of law in Denver, Colo.

Tooth Brushes values up to 25c, Red Tag price 10c.—Perkins Bros. Co.

Saturday is bargain day at Foot's.

MAY DELAY DEPOT CASE

WANTS TO GIVE LINES MORE TIME IN DALLAS.

Third Member of Commission Expected to Vote to Postpone Dallas Union Depot.

Austin, Tex., July 8.—Railroad Commissioner Williams returned today from Temple and announced he would vote for the application of the new railroads entering Dallas for a further postponement of the Dallas Union depot until August 1. At Temple Commissioner Williams conferred with the stockholders of the Temple and Northwestern railway relative to the middle between the contractors for the road and the Temple and Gateway stockholders.

The contractors want the first installment payment of the bond issue while the stockholders are against paying the first installment at this time. No agreement has as yet been reached.

GLENN CURTISS FLIES.

Big Crowd at Atlantic City Views Aviator's Performance.

Atlantic City, N. J., July 8.—Glenn Curtiss made a ten minute exhibition flight here before noon today, covering eight miles along the Board Walk. A great crowd was on the beach and the Board Walk to see the flight. Aviator brooking in a Wright biplane failed in his first attempt to leave the ground half an hour after Curtiss made his flight.

WILL NOT REPLY.

County Attorney Spearman Has Concluded Not to Answer Aspersions.

Out of deference to the universal judgment of my friends, I have decided that I will not deliver the speech in the court house today only to the aspersions of Judge Brooks and the ridicule of Judge Maxey. In soliciting me to not descend to the level of Judge Brooks, my friends have said to me that my life in this county for twenty-five years answers completely his charges. I make no claim to being over good and free; confess to many faults that I would gladly amend, but in matters of personal honor and integrity, I have always been a gentleman and if Mr. Brooks will say the contrary to my face I will give him a gentleman's answer.

ROBERT F. SPEARMAN.

\$20,000 FIRE AT BROWNWOOD.

Break of a Water Main Handicaps the Firemen in Fighting Flames.

Brownwood, Tex., July 8.—With a break between the pumping station and the city greatly depleting the water pressure, flames raged here this morning, causing damage estimated at over \$20,000. The fire originated in a small room in the rear of Hart's meat market. The building was damaged. Neala's hardware store was burned. The adjoining buildings were endangered and only saved by a hose work of the firemen.

KNOX FOR HIGH PLACE

RUMORED TAFT MAY APPOINT SECRETARY CHIEF JUSTICE.

Believed That Secretary of State Would Make Change if He is Urged.

Washington, D. C., July 8.—A report received here today from Beverly, Mass., where President Taft is spending his vacation, is to the effect that the National chief executive is now seriously considering appointing Philander C. Knox, secretary of state, to be chief justice of the supreme court of the United States.

One friend of Secretary Knox declared today that Mr. Knox is willing to accept if the appointment is urged upon him.

It is known Mr. Knox declined to accept the place on the Supreme bench some time ago, but it is possible the chief justiceship would be a different matter altogether.

In this connection, it will be remembered that Mr. Knox recently issued a statement in which he said he decided under no circumstances to be a candidate for the Republican nomination for governor of Pennsylvania.

Notice.

On account of a holiday and the much rain on Sunday, Light and Water accounts paid on the 11th will be allowed the 12th.
